## CHECK LISTS

### PLANTS READY FOR EXPERIMENTERS

DIVISION OF PLANT EXPLORATION AND INTRODUCTION  
BUREAU OF PLANT INDUSTRY  
U. S. DEPARTMENT OF AGRICULTURE  
WASHINGTON, D. C.

1940-41

---

Indicate plants desired by placing check marks at the left of the Plant Introduction numbers of those selected. It is to the advantage of experimenters to return the check lists promptly. The descriptive list should be kept for future reference.

These lists are for the use ONLY OF PERSONS WHO HAVE QUALIFIED AS EXPERIMENTERS with this Division and are NOT TRANSFERABLE.

Do not write miscellaneous notes, requests, or reports on the check lists but only the numbers of plants desired (if more than one of a kind). If you do not wish to receive and care for experimental plants this year, please return the check lists in the accompanying envelope, with your name and address indicated on this page.

The Division of Plant Exploration and Introduction reserves the right to withhold any request in whole or in part in order to place the available material most advantageously.

These check lists, with your name and address, should always be returned to Washington, D. C.

## SPECIAL NOTICE

Herein are listed the plants available for experimenters this season.

Plants are sent from our introduction gardens by express, collect. Express charges should not be excessive unless a large number of plants are sent or shipment is made from a distant garden. If the plants are small and only one to four are requested, they will be sent by mail.

Plants as a rule are shipped from the introduction gardens from December to not later than April 1. Taking into account the possibility of cold injury in transit, please state in the space provided for that purpose when you will be ready to receive and properly care for the plants requested, or when you would prefer to receive them. This information will enable us to send plants to those who can care for them before the regular planting season. We have no facilities for holding plants after April 1. If more than one plant of a kind is desired for a special purpose, please indicate. Occasionally such requests can be filled.

PLEASE WRITE YOUR NAME AND ADDRESS LEGIBLY IN THE SPACES PROVIDED FOR THEM AT THE HEAD OF EACH CHECK LIST.

DO NOT FAIL TO SUPPLY THE FOLLOWING INFORMATION IF YOU  
DESIRE PLANTS ON THIS LIST.

Name.....: Address.....
